The Bryan School of Business and Economics' Mission Statement

In the Bryan School of Business and Economics, we create and disseminate knowledge about the theory and practice of business. In addition to our courses and research, we accomplish this through hands-on projects, global experiences, and outreach to the community. Our work produces principled leaders and exceptional problem solvers who have a global perspective, an innovative mindset, a broad understanding of sustainability, and a commitment to improve the organizations in which they work and the communities in which they live.

Student Learning Goals

Each program within the Bryan school has separate learning goals as listed with the degree program. The essential components of a professional education in business (excluding the B.S. and B.A. in Economics, the B.S. in Consumer, Apparel, and Retail Studies and the B.A. in Sustainable Tourism and Hospitality) include common courses for breadth and opportunities for advanced work for depth in the various business disciplines. These core business programs share the following common learning goals:

1. Students will implement the various steps of the critical thinking process, supported by the appropriate use of analytical and quantitative techniques, to formulate recommendations for subsequent decision making.
2. Students will apply appropriate ethical standards when making recommendations for business decision making.
3. Students will evaluate business decisions in the context of sustainability goals, balancing environmental, social, and economic needs, conditions, and potential decision impacts.
4. Students will formulate appropriate strategies, in the context of global issues and forces, to improve business performance in the world economy.
5. Students will explain the roles of innovation and innovation management in achieving successful business strategies, decisions, and performance.
6. Students will be able to plan, schedule, contribute to, and lead projects.

Assignments: (see attached)

Students are responsible for all readings and other material assigned without regard to whether the material is covered in class.

Students should read some daily source of business news. News articles give students a real world framework for understanding legal concepts and their application. See extra credit.

NOT LEGAL ADVICE:

The information covered in the website (listed above), in its links, in MGT 330 class, in the textbook, in emails from Eloise Hassell or during office hours does NOT constitute legal advice or the giving of a legal opinion. Nothing provided herein should be used as a substitute for the advice of your own legal counsel.

Attendance:

*Attendance for the ENTIRE class each day is REQUIRED, and will be taken DAILY. Coming in late or leaving early will negate class attendance unless prior written approval, for that day, by the teacher is obtained. Coming in late shows disrespect for the class, and leaving early is disruptive to the entire learning environment. The teacher reserves the right to close the door after the start of the class period, and the door will not be opened for latecomers.

A maximum of 5 unexcused absences during the semester is allowed. An absence can be excused ONLY in the following situations: If the student emails me prior to the class and then can produce one of the following for my file:

- (1) A valid Doctor's note saying the student was too sick to come to class on the scheduled MGT 330 CLASS day, or
- (2) An **immediate** family member has just died or is in a serious medical condition in the hospital and the student's presence at the hospital or funeral is needed by the family (written proof including MGT 330 CLASS date is required).

*Please note: absence that is work-related, due to car problems, traffic backed up, or over-sleeping an alarm are not excused.

*Make Up for a missed class may be done with the teacher's prior permission (in an emergency situation) by attending (the EXACT same material missed) in a later daytime MGT 330 class, and ONLY IF the student comes forward, prior to the class starting, and signs in on their correct section's attendance sheet and sits in a seat approved by the professor. You will NOT get credit for a later class if you fail to follow the requirements set above. Please sit in one of the four seats (interior side) that are reserved for students making up absences. Please note: if all four of the back unassigned seats are taken then please come down before class, so I can find you an open unassigned seat.

*For EACH absence beyond the allowed five, ten (10) points will be subtracted from your end-of-semester final grade. Signing in for another student on the attendance sheet is an Academic Integrity Code Violation, and signing in then leaving early also counts as an Academic Integrity Code Violation.

Why is attendance required?

MGT 330 is the ONLY required law class many of you will take before you graduate. You will be graduating and going into business into an extremely litigious society. Understanding law basics is essential! We will be covering many different substantive areas of law this semester. Each chapter lays a foundation for subsequent chapters. The class is extremely difficult, time consuming, and coming to class prepared is crucial!

Don't get behind! If you get behind you will NOT be able to get caught up. I promise to work harder than any of you to make the class interesting and understandable. YOU must do your part to come prepared, rested, with a positive attitude, prepared and ready to learn!

Many of the exam questions will be pulled from class notes, and the final exam is CUMULATIVE!

Students are responsible for all material covered, or announcements made, in class whether or not they are in attendance. **Power Point class outlines and the work required for each chapter are listed at the TOP of each of my powerpoints and available online on Canvas. Please print the Power point outlines (3 slides per page as a "handout") for each chapter prior to class and bring your textbook.**

Class Participation:

You will be called upon for recitation on a **random basis. Please note you will be called on to brief cases. The class has been split into two geographic areas. The two geographic areas are marked on the seating chart Please make sure you do all the required readings and briefings for EVERY CLASS PERIOD (whether or not your group is assigned that day or not). Your geographic group will be called on to brief the assigned cases (which are listed at the top of each chapter's power-points) as per the syllabus.** The purpose being to facilitate all members of the class to get practice briefing cases and to maximize class participation. **You will not be required to meet with your group members outside of class unless you choose to create from your group as a study group for exams.** The extent of **your own** preparation and participation will be reflected in your grade. **Students are required to constructively participate and/or brief cases a minimum of ten (10) times or more during the semester. Failing to be prepared for class will result in a student getting a minus on their seating chart which result in the student being required to talk twenty (20)/ per each time unprepared during the semester to make up for coming to class having not done the required reading.** If a student states they have not prepared/ briefed the assigned case(s) the student is on notice that they will have a minus (the minus will be circled) placed on the seating chart under their name. They are allowed to see the seating chart at the start of each class period and during office hours to see if they have a minus and to see how many times they have participated. Participation is as follows:

*+ under a student's name means the student asked/ answered/ or participated constructively

*b.case+ means the student helped the class in briefing an assigned case

After we brief a case we clap in appreciation for those who helped in the briefing! We want to positively support and encourage class participants!☺

Disrupting class by leaving early (without a pre-approved excuse), arriving late, having your cell phone (or pager) on during class, tweeting, texting others during class, checking email, instant messaging others, playing cell phone or computer games, surfing the net, and/or failing to act in a courteous way to others will NEGATE any and possibly all accumulated constructive class participation marks, and will result in attendance for that class being negated. Classroom doors may be shut after class begins. If the classroom doors are shut, they will NOT be opened for latecomers. Continued disruption by a student after one prior written warning will result in a student losing 30 class participation points. Written warning will include the student's name, date of disruption, and type of disruption. **Leaving early (unless with prior approval of the teacher for emergency reasons) will result in the student not getting credit for attending the class. Evaluation in this area is, of necessity, subjective and my determination is final. There is no provision for appeal.**

Class **participation** is recorded on the seating chart. At the first of the semester students get to choose where they would like to sit for the semester. They then must sign up for a seat. After you have signed for your spot on the class seating chart, you **must** sit in your designated seat for the entire semester. **If you sit in a different seat, you will not get credit for ANY class participation marks while sitting in different chair.** Retroactive credit for class participation while sitting in another chair will **not** be given.

Taking MGT 330 as an Honors Class:

If you are interested in taking MGT 330 as an “Honors” designated class please review: www.uncg.edu/hss to see if you qualify for Honors and register. Then go to <http://eloisehassell.wp.uncg.edu/> and click “law links” and review Disciplinary Honors information. Please set up an appointment with Prof. Hassell within the first week of class by emailing her at: mmhassel@uncg.edu to discuss doing a contract honors in MGT 330. Please note: if you are majoring in a subject other than one within the Dept. of Management (MGT/ BUS classes) you will need to get your Dept. Chair’s written approval for MGT 330 to count as a contract honors course in your major/ department. Please note: time restrictions apply for getting honors paperwork successfully submitted to the Honors College.

UNCG Disability Services (OARS):

Accommodations: UNCG seeks to comply fully with the Americans with Disabilities Act (ADA). Students requesting accommodations based on a disability must be registered with (OARS) the Office of Accessibility, Resources and Services (formally called the Office of Disability Services) in 215 Elliott University Center, 334-5440

<http://ods.uncg.edu/student-services/register/>

UNCG athletes:

UNCG athletes: to make sure your UNCG athletic events are excused you must circle your name on the UNCG athletic notice form. Please circle the dates which will result in your missing a MGT 330 class period. Please write MGT 330 (and the correct section #) in the top right hand corner of the page, and turn in to the teacher during the first week of the semester, so those dates can be excused. If your UNCG athletic event will interfere with an exam/exam review (or with turning in interactive quizzes), you must make arrangements with the teacher to schedule a time **IN ADVANCE** of your regularly scheduled exam/ exam review/interactive quiz date. **You are NOT allowed to take the exam/exam review (or turn in interactive quizzes) AFTER your regularly scheduled date** If your athletic schedule changes, you will have the responsibility of providing the teacher with any additional dates in writing from the Athletic Department.

Inclement Weather Policy:

If we experience severe weather, then I will follow the university’s decision as to holding class. If UNCG is open and following a regular schedule, but due to inclement weather the Guilford County Schools are delayed or cancelled due to the weather (and it is not an exam day or an interactive quiz sheet turn in day) we WILL have class, but I will NOT take attendance. **Please Note: Interactive quiz deadlines are set and will not be pushed back. If UNCG is open following regular hours, and it is on exam day or a day quiz sheets are due attendance on-time is required!** Adverse weather line: 334-5700 or see announcement online: www.uncg.edu

Laptop / Cellphone/ Electronics Policy:

Laptops, I Pads, cellphones, computer watches, computer glasses, computer recording or recording devices of ANY kind including all other electronics MAY NOT be out, used, or on during class. The ONLY exception is if the student is registered with UNCG Office of Accessibility, Resources, and Services (formally known as the Office of Disability Services) and provides the required documentation that typed notes is a necessary reasonable accommodation for the student.

For each violation of this policy the student will receive a negative which will require the student to contribute to class discussion an ADDITIONAL ten times/ per violation. If there is an emergency situation please talk to the teacher prior to the start of class, and an announcement can be made that for that one class your cellphone is allowed on (on vibrate only). An announcement will then be made to the class, so that all will know that an exception for that day has been made.

Briefing Cases:

On the top of my power-points for each chapter (in the modules section) you will see what you need to read and which cases to brief for that chapter. When reading cases you will be required to brief in preparation for class. You may find it helpful to brief (outline) them on a separate sheet of paper or in the margins of your book. They will not be picked up in class, but case briefings are essential for class/ exam preparation. The following format seems to work well. **Being prepared to brief and discuss the cases in class count towards your class participation grade.** We will brief as many as possible of the assigned cases during class. Usually, four students will be selected to brief a single case with each student presenting 1 of the four items about the case as set forth below. **All students are required to do the case briefings for every class whether or not their group is going or not.**

- (1) Facts: A brief statement of the facts of the case.
- (2) Issue: State the issue of law to be resolved. (Remember that the reason the case is in the text is to illustrate some point of law in the chapter.) HINT-Look for the word “WHETHER” which alerts you to what issue of law is being determined. Sometimes the issue is also stated in the sentence immediately preceding the case☺
- (3) Reasoning: Why the Court ruled the way they did in the case.
- (4) Holding: Who won and who lost (at each court level if stated in the book)

Examinations and Grading:

Each exam will consist of a combination of multiple choice questions and essay questions. Grading of the essay answers is by necessity subjective, and there is no provision for appeal. To assist you in your exam preparation I have placed an exam review study list in the modules section of Canvas scroll down under the ppts. to locate ☺!.

Grading:

Exam I	150 points (135-150=A, 120-134=B, 105-119=C, 90-104=D, 89 =F)
Exam II	150 points (grading scale same as above)

Interactive Chapter Quiz- REQUIRED

This feature of the traditional MGT 330 was suggested by students to help encourage classmates to stay up with the reading to prepare in a timely manner for exams, and to lessen the point value on the cumulative final exam. Thank you students for your creative assistance on this aspect (and on all aspects of the class and syllabus)©!

Each student will complete 20 designated chapter quizzes (though we will cover more than 20 chapters this semester). You are required to submit a 1-2 page (only) hard copy listing of the **results** from each of the designated interactive online quizzes (**located in MIND TAP**). I will only accept hard copy results. The results must be done as instructed in this document for each of the 20 chapters. (Only hard copies of results will be used to minimize online grade book concerns, and will be printed out in such a way as to minimize paper usage). See syllabus for when each set of chapter quiz verifications is due. Chapter quiz papers will not be accepted late, and **MUST BE TURNED IN HARD COPY (WITH GRADE OF 80 % or BETTER) BY THE START OF YOUR SECTION OF MGT 330**. If a student fails to turn the interactive quiz sheet in by the start of their section no credit will be given (even if the student is making up attendance that day with a different MGT 330 section). **Chapter quiz results submitted in any other format will not be counted, and no credit will be given.**

For example, you will turn in your interactive chapter quiz results for chapters **1,3,4,19,6, 5, and 22 all on one sheet of paper (front and back is fine) NO LATER THAN the START OF YOUR SECTION on Monday, 9/12/18 in Bryan 128.**(You can turn the sheet in early if you will be out of town on the date it is due). **MUST** show correct ch. #, and **MUST** show % correct.

If you get at least 80% correct or better, you will get +1 point per chapter (for each of the designated 20 chapters). Must be turned in on-time. It turned in late, no credit will be given. Academic Integrity Code applies. If you do not get at least 80% or better, you will not get the +1. If you do the wrong chapter(s) again credit will not be given.

-The total possible point value a student can receive this semester for the Chapter Quiz portion of the class is +20 total points. No points will be given if the rules above are not followed exactly as stated.

Steps to be followed: SEE MGT 330 Canvas (on syllabus module) for step by step (with pictures) instructions entitled: “ Completing and printing the quiz results in Mindtap_Fall_2018”

You will need to copy and paste the results:

MUST include (information below):

- (**May be done MORE than once during the semester**)

3- (1 point) Extra Credit Opportunities: Announced in class and dealing with an internet -see the "law links" portion of my webpage for additional ideas or hard copy article covering a subject being discussed that day in class- May NOT be emailed

- Type a 1 paragraph summary + website address + picture from website on same sheet of paper
- Turn in to Prof. Hassell at class where that subject was covered
- (**May be done up to THREE times during the semester**)

A **fourth** one point extra credit can **ONLY** be done when a student **has** 10 points extra credit total points and only needs one more point for a *

When a student earns OVER 10 points extra credit (by the 11/5/18 deadline) it is recorded as being with a star *. If a student with a star is **ONLY ONE** point from a higher grade at the end of the semester, the student with a star will be moved up the one point. Please note that one point can make a difference particularly in the +/- grade distribution listed above.

The subject areas covered in this course are extremely difficult. The amount of material to be covered in this course, and the depth of the coverage, probably is not exceeded in any course you have taken, or will take. THEREFORE, if you wish to do well, you will be required to read, concentrate, review, re-read, analyze, and re-analyze. In order to cover all the material, and cover it well, there is a heavy burden on the student to be well prepared and to raise questions about what you do not understand.

***DO NOT take MGT 330 until you have the required time to be successful in the class. If you get behind there is no way to catch up!!! Each day's class preparation should take a minimum of 5 hours.**
